PHILOSOPHY Mr. Shehzad believes the effect of practising the marketing concept philosophy on export performance in international markets. He thinks that Horn & Bone Care may plan to introduce its product in a particular market. Export marketing offers a fierce competition. Already established competitors may have brand loyalty and established channels of distribution and enjoy a good market share. In such an environment, a new producer-exporter who wants to introduce his product will make his product more attractive so that it may generate a certain amount of brand loyalty. For this purpose, the easiest way to offer the product at a very competitive price, perhaps at a price which is below its cost price. The loss in such a market may be set off against the profits in other export markets or an domestic market.
